ABOUT ME:

Current computer science student with skill in writing code and designing solutions for different problems. Looking for a summer training opportunity that will help start my career as a software developer. Adept at operating well in a fast paced, deadline-driven setting that requires strong communication skills between team members.

EDUCATION:

- Aiming for a Bachelor of computer science, King Abdelaziz University, Current GPA 4.97/5. 2019 – Ongoing.
- Certificate in Natural Science, Al-Fath Secondary School with a 98.57%. 2017-2018.

CERTIFICATES:

- Complete C# Unity Game Developer 3D, Udemy.com, AUG.2021
- TOEFL iBT, with a score of 92/120, Jeddah International School, JUN.2018

PROGRAMMING LANGUAGES:

- JAVA, Excellent.
- PYTHON, Excellent.
- Oracle-SQL, Intermediate.
- C#, Beginner.

SKILLS:

- Excellent decision-making skills.
- Ability to change and improve.
- Positive attitude with good decision-making skills.
- Ability to think critically and creatively.
- Active problem solving.

INTERESTS:

- Database management.
- Video game development.
- Algorithm analysis.
